Natasha

Female, 23/**/****, 21:**.40, I****, P****, India

Your Lagna/ Rising Sign

In Vedic Astrology, the first house in the birth chart is known as Lagna or Rising Sign. It denotes the basic characteristic of the native. The ascendant describes one's personality traits and features, along with the physical attributes and beauty. Born in the Aries Lagna, you have an air of adventure and mystery around you. You like challenges, even if they sometimes sound dangerous to your ears. Your fiery streak keeps you alive and makes you the belle of the ball wherever you go.

You have a strong personality which makes you opinionated. This comes off as a strong character trait in front of your family but does not discourage you from expressing them openly.

Your Horoscope and Career

The key to having a good career is maintaining integrity. You love to be in limelight and the career that suits you best will be something on

those lines. Your strong will to achieve heights in life will keep you motivated throughout your journey. You are determined, hardworking and loyal to your work. Your aesthetic boasts about confidence and strong willpower. Your ambitious attitude will help you achieve a lot more than you anticipated in life. You are a great friend to all those who are in dire need of support. But when it comes to vengeance, you will no stone unturned. Your thought process will wither move eyebrows or mountains, but will not let you sit back and look at like an audience member.

Your 10th lord of profession Mars is placed in the 6th house and is debilitated (adverse) in the horoscope. By virtue of the improved position of Mars in D-9 chart, the adverse effects have been minimized to an extent. But on the other hand, the Mercury-Ketu conjunction with Mars in the 6th house of service indicates that your life shall not be free from enemies who will give you a hard time when the situation is already way too challenging for you.

You shall rise in life through constant hard work and sensible planning. Your ability to cut through the competition and manipulate people around you would provide you with an upper edge over everyone else.

Positive And Negative Outlook with respect to your Kundli

With Saturn aspecting 10th house of Profession and own sign of retrograde Jupiter, you shall always remain dissatisfied with your growth. Despite the constant success at the work front, you will have a hard time coping up with all of it. You might take all the success to your head which could prove to be a problem.

You love money and the advantages it brings with itself, but you tend to take the acquisition of money as a challenge and this often leads to deviate from set targets. If you can restrain yourself from this

success shall be surely on your way.

Favourable Career for you

With Saturn-Venus combination in Taurus sign and aspect of these on the 10th house, you shall have a promising career as a mechanical engineer. Further, astrological implications present in your chart indicate that you have better prospects in service until the 36th year of age. After this, self-employment is a better option for you. Service or Business in cable manufacturing and related items, electronic peripherals or items, plastics or export of metal artefacts may yield profitable returns to you.

Career Obstacles & Problems

You cannot be a slave to anybody. Because of this quality, you will not take up a job which involves subordination in its true meaning. You cannot be a 'yes master' even to your boss.

Self-respect and dignity are foremost for you. Any adverse comment on this jolts you down to tackle the things. You are a person who has risen in life from bottoms. There is no sheer luck for you. You will rise gradually with age. Stability in the professional sphere shall be there by 42nd year of age. At that time you can expect a one-way ticket to your own wonderland. You have always been the one who likes taking leadership, but when things fall down you tend to mope about it. Instead of this, you could've gone for a similar approach but with more charm, one where you take responsibility and find a solution. Your obstacles will be close to the sphere of you not looking out for answers.

Dasha Analysis for 2 years with respect to your career

The year 2019

The first half of 2019 would find you under the influence of Mars with planet Venus in the sub-period. As soon as January starts you, will

start feeling a shift in the atmosphere. As per your Dasha Analysis, your enthusiasm and confidence will be on an all-time high. You will be riding high on your horse and taking all decisions with excellent vigour.

With the change in your mood, you will start experiencing great things happening for you at your workplace. The onset of the third month of the year will steer you towards a bright future. You will become open to risky ideas and champion endeavours that require calm. This might become dangerous for you because there might be people eyeing you deliberately so that even a little slip of character will land you in trouble with the authorities. The period of Mars will get to your head and trigger challenging situations. In order to stay in the game, you will have to work hard when you are at work and keep it that way when you reach home.

With Saturn transiting over your 10th house and Rahu- Ketu axis influencing 5th and 11th houses of your birth chart, you will have to be extra cautious to not do anything that might have an adverse effect on your career. Try to stick to the basics and work your way up through the corporate ladder. If you are not careful enough, the chance of you jeopardising your career is high.

The mid of the year for Career is going to keep you restless. You will be in high spirits and will keep looking for new stuff to do. The possibilities for a new job are high in this period are there too. Do not allow your past inhibitions to take charge and mess up things for you. Instead, run wild and free. Take chances and do not think about taking up new hobbies if you are only going to leave them in the middle of nowhere.

Your goals for the year are set in stone, which will determine your course of action. The place where you are in life right now demands stability in life. If you do not get to live life with a stable income and job, you will start hyperventilating and taking up meagre jobs to

suffice for that one big break. The end of the year will be fruitful in this case and lead you up in your career. You will start venturing out more and take good advantage of all the business career for you. Your knack for success will keep you determined to attain your goals, however, every great task requires great force. Persuade yourself to make use of all the brilliant opportunities that will come knocking at your door as soon as the year comes to an end.

The year 2020

As the year starts, you will be in high spirits and start figuring out all the things that you have done in the previous year. As per the Transit Analysis, and the planetary alignments of 2020 you will be working better than last year. Having a job that you love will keep your morale high. January could also present an opportunity for a Job Promotion in front of you, which you will be more than glad to accept. This would increase your pay scale and give a chance for you to improve your financial situation. Make sure that you do not take this to your head and start acting out in front of people.

The next two months will play a crucial role in either making you or breaking you. There will be plenty of options for you to choose from and the way everyone treats you at work will entirely be dependant on your choices. Being confident in your approach is great, but stay away from being blunt. A certain someone is expected to enter your life in this duration and the chances that the star crossed lovers will be meeting at the workplace are high. Venus will make sure that this person starts changing you for the better and will move heaven and earth to keep you out of situations that test your patience.

You will leave no stone unturned to return the favour by spending all your time with your beloved, but make sure that you do not neglect your work.

The second half of the year is particularly auspicious for your career, as you will reach your goals and start achieving new ones in the

initial stages of execution. This will give you a chance to formulate plans that boost your team's confidence and widen their areas of expertise. With Saturn and Rahu working in cahoots to support your future, you will be on a roll.

Your wild and ambitious spirit will keep you on your toes and you will be doing that without any complaints. To reach up against the corporate ladder you will start making friends at work, but beware of befriending people who aren't true. Their multifaceted nature might get you in trouble with the authorities. Instead of coming up with stories to save them, let them fend for themselves by always staying in the clear.

By the end of the year, you will be in a stable position in your life and focussing on bigger projects. This all sounds peachy until you take a project that's bigger than the minds of your teammates and end up chewing more than you anticipated. Instead of being on the verge of self-destruction do something to change your course by altering your methods. Start tinkering with your rules to find loopholes that make you a better person. Take up projects that are doable instead of those which add a star to your kitty. The end of the year is not the time when you start taking risks.

"Those who know Astrology can indicate in a way what will take place in future. Who else, except the creator Brahma, can say with certainty that what exactly will happen. Astrology offers us help and hope in a manner unobtainable by any other method. It is scientific from the time of ancients to the day, but its use cannot be demonstrated by test tube methods. Planetary force is all about us has hidden from our sight and produces effects which are decisive.

Scholars of astrology believe that good present and auspicious future events are the fruits of auspicious deeds (Karma) of past, similarly, the primary cause of bad present and inauspicious future events is dependent entirely on the inauspicious Karmas of past. In nutshell, the present and future events are the results of unalterable past."
