### **Your Ascendant**

In Vedic Astrology, the first house in the birth chart is known as Lagna or Rising Sign. It denotes the basic characteristic of the native. The ascendant describes one's personality traits and features, along with the physical attributes and beauty. Born in the Aries Lagna, you have an air of adventure and mystery around you. You like challenges, even if they sometimes sound dangerous to your ears. Your fiery streak keeps you alive and makes you the belle of the ball wherever you go.

You have a strong personality which makes you opinionated. This comes off as a strong character trait in front of your family but does not discourage you from expressing them openly.

### **Your Horoscope and Career**

The key to having a good career is maintaining integrity. You love to be in limelight and the career that suits you best will be something on those lines. Your strong will to achieve heights in life will keep you motivated throughout your journey. You are determined,

hardworking and loyal to your work. Your aesthetic boasts about confidence and strong willpower. Your ambitious attitude will help you achieve a lot more than you anticipated in life.

You are a great friend to all those who are in dire need of support. But when it comes to vengeance, you will go to stone unturned. Your thought process will move eyebrows or mountains, but will not let you sit back and look at like an audience member.

Your 10th lord of profession Mars is placed in the 6th house and is debilitated (adverse) in the horoscope. By virtue of the improved position of Mars in D-9 chart, the adverse effects have been minimized to an extent. But on the other hand, the Mercury-Ketu conjunction with Mars in the 6th house of service indicates that your life shall not be free from enemies who will give you a hard time when the situation is already way too challenging for you.

You shall rise in life through constant hard work and sensible planning. Your ability to cut through the competition and manipulate people around you would provide you with an upper edge over everyone else.

## **Positive And Negative Outlook with respect to your Kundli**

With Saturn aspecting the 10th house of Profession and own sign of retrograde Jupiter, you shall always remain dissatisfied with your growth. Despite the constant success at the work front, you will have a hard time coping up with all of it. You might take all the success to your head which could prove to be a problem.

You love money and the advantages it brings with itself, but you tend to take the acquisition of money as a challenge and this often leads to deviate from set targets. If you can restrain yourself from this

success shall be surely on your way.

## **Favourable Career for you**

With Saturn-Venus combination in Taurus sign and aspect of these on the 10th house, you shall have a promising career as a mechanical engineer. Further, astrological implications present in your chart indicate that you have better prospects in service until the 36th year of age. After this, self-employment is a better option for you. Service or Business in cable manufacturing and related items, electronic peripherals or items, plastics or export of metal artefacts may yield profitable returns to you.

## **Career Obstacles & Problems**

You cannot be a slave to anybody. Because of this quality, you will not take up a job which involves subordination in its true meaning. You cannot be a 'yes master' even to your boss.

Self-respect and dignity are foremost for you. Any adverse comment on this jolts you down to tackle the things. You are a person who has risen in life from bottoms. There is no sheer luck for you. You will rise gradually with age. Stability in the professional sphere shall be there by 42nd year of age.

## **Your Question :**

### **When will I get a job promotion?**

In your chart, 7th lord is conjunct with Lagna lord and destiny lord in the house of destiny.

This is a wonderful Yoga for having a promising career. This combination also makes you fortunate enough to earn great throughout your life.

In your relations, you are an extremist, which could prove to be a problem in your work relations. You might have a hard time focussing on what you ought to say because you have a knack for being honest in your dealings. When you disagree about something, you make it a point to let everyone know what is wrong with it that you disapprove. In this case, getting a promotion depends entirely on your connections with the others. Your relations will play a huge role in deciphering how soon you will be getting a promotion.

Despite your spotless work ethic and clean records, you need to maintain good relations with everyone to showcase your team spirit. As soon as your team accepts your authority, a promotion will present itself in front of you.

Your fortune is in your favour this time around, so promotion is definitely likely. However, you might have to negotiate to get a good appraisal. The promotion would be gracious on your designation but not so much on your finances. You will have to struggle your way through to lock something that is worthy of your time and efforts.

The favourable Jupiter Transit will aid you in focussing all your energy on the brighter aspects of life. Thus giving you a breather to focus on attaining that high position you have been eyeing. If you want it enough, your actions will definitely prove to be working in your favour. The auspicious presence of planet Jupiter will be able to protect you from any evil eye, thus it's quite probable that you will get the promotion that you have always wanted in this duration. The transit shall prove to be instrumental in giving your career the much needed wings. You are a slow learner, but once you have learnt your lesson, you never let go. This promises to give you excellent results in the future.

The period after April predicts excellent growth opportunities at work place. You will be in a stable position in life and aim for bigger things. Your confidence will be endearing in this duration, so make sure that

you keep it on. After November, you might have to take every step with caution as the time would start to dwindle.

**In a nutshell, the stronger possibility of getting a promotion has already started in October 2018. In 2019 there is a possibility of getting the much needed boost in career but after that also the Yogas won't get deactivated and you can easily find yourself getting the promotion that you have been eyeing.**

**The other stronger possibility of expecting a promotion are in the beginning of the year 2021.**
